In these Rules, the following expressions have the meanings shown next to them or, as the case may be, provided by the provision referred to:

“1995 Act” – means the Pensions Act 1995.

“ABC Arrangement” - means:

- (a) a contractual arrangement under which the Scheme trustee becomes a limited partner in a limited partnership (the “Trustee LP”) in which another entity within the Employer’s Group is also a partner;
- (b) the Scheme as a result expects to receive one or more payments representing distributions of profits (or return of capital) in relation to the Trustee LP (“Coupon Payments”); and
- (c) the Coupon Payments are expected to be wholly or mainly generated by virtue of one or more income producing asset(s) owned by one of the following:
 - (i) the Trustee LP;
 - (ii) another limited partnership of which the Trustee LP is a member (a “Second LP”);
 - (iii) another entity within the Employer’s Group which has issued a loan note to the Trustee LP; or

or such other arrangement that the Board considers to be designed to have substantially the same effect as (a) to (c) above,

and, where the Board considers that such other arrangement is designed to have that effect, it will be treated in a manner which gives best effect in that situation to the general approach laid down by these Rules, the Transformation Appendix and the ABC Appendix.

Where the context so requires, references to an “ABC Arrangement” shall include all documents entered into as part of the transaction under which the Scheme trustee acquired its interest in the Trustee LP.

A1.2 General Interpretation

The following general interpretation rules will apply to these Rules and the Appendices:

- (1) All references to dates and times in these Rules relate to Greenwich Mean Time or, at the times when it is in force, British Summer Time.
- (2) References to midnight on a day are to midnight at the end of that day.
- (3) Unless the context otherwise requires, terms used in these Rules bear the same meaning as in the Act.
- (4) References to Scheme “trustees” include managers of a Scheme if that Scheme does not have trustees.
- (5) Headings are not part of this determination and are only for ease of reference and shall not be used in its construction and interpretation.
- (6) References to any gender include all genders.
- (7) References to the singular include the plural and vice versa unless the context suggests otherwise.
- (8) References to specific Rules and Appendices are to the relevant provisions in these Rules and the Appendices to them and, except for paragraph (11) below, “Rules” includes the Appendices.
- (9) A reference to any statutory provision includes a reference to any amendment, consolidation or re-enactment of the provision from time to time in force and all secondary legislation made under it.

- (10) Except for the purposes of Rule D2.1(3), in the case of a Segregated Scheme, each segregated section shall (except where these Rules expressly or by implication require otherwise) be treated as if it were a separate Scheme for the purposes of these Rules. Similarly, where a Segregated Part of a Scheme has been created on or before 31 March 2022, each of the Segregated Part(s) and the remainder of the Scheme shall (except where these Rules expressly or by implication require otherwise) be treated as if it were a separate Scheme for the purposes of these Rules. References to Schemes shall be construed accordingly.
- (11) In the event of any inconsistency between these Rules and the Appendices to this determination, the Rules shall prevail.
- (12) The term “calculate” and associated terms shall in any relevant case include “re-calculate” and its associated terms.

The Board shall also take account of any guidance which it has published or which appears in the help files within Exchange or the Portal (including guidance in the form of “Frequently Asked Questions”) from time to time. However, the Rules shall prevail in the case of inconsistency. The Board may, in particular, make assumptions in favour of a Scheme without further investigation, and the fact that the Board proceeds on the basis that it is satisfied of a particular matter shall not prevent the Board from reconsidering that matter on any application for review or in any future year.
- (14) Further guidance may be published by the Board as to how it expects to use its discretionary powers in these Rules. The Board will have regard to such guidance but may decide to depart from it. In the event of any inconsistency between these Rules and any guidance issued, these Rules will prevail.
- (15) References to D&B's “ordinary course of business” shall be construed as referring to the procedures D&B applies when calculating its D&B® Failure Score.
- (16) References to any English legal term, concept, requirement or provision shall, in respect of any jurisdiction other than England, be deemed to include what most nearly approximates in that jurisdiction to the English legal term, concept, requirement or provision.
- (17) The capitalised terms used in Rules E3.1 and in table 1, Part 3 of the Insolvency Risk Appendix shall, unless defined in Rule A1 (and subject to paragraph 3.1 of that Part 3) have the meanings set out therein for the purposes of interpreting these Rules.
- (18) Where, as a result of a change of circumstances arising in respect of the United Kingdom's membership of the European Union, any aspect of these Rules or the Appendices would no longer be applicable in the manner in which it had applied prior to that change of circumstances, the Board shall interpret the Rule or paragraph in the

manner which it considers to be most appropriate having regard to the general approach laid down by these Rules.

- (19) Unless specifically stated to the contrary, references to any documents or information published on the Board's website are to those documents as updated from time to time.

A2. Validated data: the general rule for calculations

A2.1 What is the general rule for calculating the Levies?

For calculating the Levies, the Board shall use data which has been Submitted at the relevant Measurement Time except where expressly provided otherwise in these Rules.

A2.2 Methods of Submitting information

Where these Rules refer to certain information being or having been Submitted (and any associated terms), the requirement shall be satisfied and the information treated as having been Submitted only if the Board is satisfied that:

- (1) except where (2), (3), (4), (5), (6), or (7) of this Rule A2.2 applies, the information:
- (a) has been validly entered and submitted on Exchange on behalf of such Schemes as it relates to; or
 - (b) has been pre-populated on Exchange,
- and, in each case, is held on Exchange at the relevant Measurement Time.
- (2) in the case of supporting documentation required for submission of Contingent Assets, the documentation has been emailed to information@ppf.co.uk or submitted by any other means agreed with the Board for a particular Scheme.
- (3) in the case of a Scheme the trustees of which have been expressly permitted by TPR to complete their Scheme Return on paper rather than on Exchange, the information which is equivalent to what would be the contents of a Scheme Return has been provided to TPR in such manner as TPR has stipulated (or, in the absence of such a stipulation, by post).
- (4) in the case of an ABC Certificate, it has been emailed to the following address: ABCcert@ppf.co.uk.
- (5) in the case of information required for the purposes of calculating the Levies in respect of an Alternative Covenant Scheme or an Alternative Covenant Predecessor Scheme, the information has been received in accordance with a method of provision specified by the Board.
- (6) the information has been received in accordance with a permitted alternative method. A "permitted alternative method" is any different method of provision of information to those methods set out at paragraphs (1), (2), (3), (4), (5), and (7) of this Rule A2.2 for the

purposes of the 2022/23 Levy Year, which, after the date of final publication of this determination, the Board has expressly stipulated on its website (whether as an alternative or a replacement to those methods).

- (7) in the case of information required for the purpose of calculating the Levies in respect of an Exempt Transfer, the information specified by the Board has been received in the form and from the sources specified in Part F of the Levy Rules and in the Transfers Appendix.
- (8) For the avoidance of doubt, and subject to Rule E2.7(2), this Rule A2.2 does not apply to provision of information to D&B. Rule E2.3 applies for those purposes.

A2.3 The Measurement Time and deadlines

The Measurement Time for each item of information is the deadline for Submission of that information. The Measurement Time shall be midnight on 31 March 2022 except as set out below:

- (1) In relation to Deficit-Reduction Contributions, the Measurement Time shall be 5.00pm on 29th April 2022.
- (2) Subject to (5) below, in relation to New Schemes and No Return Schemes, the Measurement Time shall be construed in accordance with Rule A2.4.
- (3) In relation to Full Transfers, the Measurement Time shall be 5.00pm on 30 June 2022 for Submission of both Basic Transfer Information and Actuarial Transfer Information. In relation to Exempt Transfers, the Measurement Time shall be 5.00pm on 29th April 2022 for Submission of the information requirements in paragraphs 19 and 20 of the Transfers Appendix.
- (4) Where otherwise expressly stated in the Rules, the Measurement Time shall be as so stated.
- (5) In relation to an Alternative Covenant Scheme or an Alternative Covenant Predecessor Scheme, the Measurement Time shall be as set out in any Ongoing Governance Arrangement, or such other date as the Board shall require and notify in writing to the Scheme before the calculation of the Levies for that Scheme (or, as the case may be, their re-calculation).
- (6) In relation to supporting documentation required for submission of Contingent Assets that is to be provided to the Board under these Rules, the Measurement Time shall be 5.00pm on 1 April 2022.

For the avoidance of doubt, Monthly Scores are calculated in accordance with Part E.

A2.4 New Schemes and Schemes not yet required to file a Scheme Return

Subject to Rules A2.3(5) – (7) (inclusive):

- (1) in the case of a New Scheme, where reference is made to information or documents being Submitted by a particular date, references to the Measurement Time or a deadline shall be treated as requiring the information or documents to be Submitted not later than 28 days after the scheme becomes a Scheme, or by such later date as the Board shall require if it calls for other information or documents to be Submitted.
- (2) in the case of a Scheme which has not, by midnight on 31 March 2022, been required to complete a Scheme Return (a “No Return Scheme”), where reference is made to information or documents being Submitted by a particular date, references to the Measurement Time shall be treated as requiring the information or documents to be Submitted by the date on which the Scheme is required to complete and Submit a Scheme Return or by such earlier date as the Board shall require if it calls for information or documents to be Submitted.

A3. How the Board shall calculate the Levies

A3.1 The SBL and the RBL

The Board shall calculate the SBL and the RBL in respect of each Scheme using Part C of these Rules.

A3.2 Acts and decisions of the Board

Any act or decision of the Board under these Rules may be done or taken on behalf of the Board of the PPF either by the Chief Executive of the Board or by such member of the Board’s staff as may be authorised for the purpose.

A3.3 Information to be used in the calculation of the Levies

Subject to Rule A3.4 and Rules C5 – C7 (inclusive), the matters referred to in these Rules shall be assessed, measured, quantified or estimated at such dates and in such manner as is provided for in these Rules. In the absence of such provision, these Rules shall be applied in accordance with the position as it existed at midnight on 31 March 2022.

A3.4 Re-calculation for an Alternative Covenant Scheme

Where a Scheme is classified by the Board as an Alternative Covenant Scheme or an Alternative Covenant Predecessor Scheme at any time, and the Board has already calculated the Levies in respect of, and/or notified the amount of the Levies to, that Scheme, the Board may re-calculate the amount of the Levies on the basis set out in Rule C6 and the Alternative Covenant Scheme Appendix and issue a revised notification of the amount of the Levies.

A4. Payment of the Levies

A4.1 When are the Levies payable?

The Levies in respect of a Scheme are to become payable on the earliest of the following dates:

- (1) the date upon which the person liable to pay the Levies in respect of the Scheme is sent notification of the amount of the Levies in respect of the Scheme (or, in the cases in which these Rules provide for a revised notification to be issued, the date upon which that person is sent a revised notification);
- (2) the date on which any Scheme ceases to be a Scheme; or
- (3) 31 March 2023.

A4.2 What if a payment has been made?

Where the Board issues a revised notification of the amount of the Levies in respect of the Scheme, the revised notification shall supersede the previous notification. Any amount already paid in respect of that Scheme pursuant to any previous notification shall be deemed deducted from the amount due pursuant to the revised notification. If the amount paid in respect of any previous notification exceeds the amount due pursuant to the revised notification, the difference between the notifications in question will be credited to the Scheme.

A5. Calculation principles

In performing the calculations required by this determination:

- (1) Unless otherwise specified in this determination or in any Appendix, intermediate stages of any parts of the calculation that are carried out by the Board shall, if rounded, be rounded to the extent that is reasonably practicable for the Board in all the circumstances, save for U, L, UA and UL which shall each be rounded to the nearest penny at each stage of the calculation, and for the final amounts of the SBL and the RBL which shall each be rounded to the nearest pound; and
- (2) where a value which falls to be rounded in accordance with (1) above falls exactly halfway between two potential rounded figures it shall be rounded upwards.
- (3) For the avoidance of doubt, this Rule A5 shall not apply to the calculation of Monthly Scores.

Part B – Use of alternative information in exceptional circumstances

B1. Where the Levies cannot be calculated under these Rules

B1.1 When does this Rule B1 apply?

- (1) It is intended that the provisions contained in these Rules should in all cases permit the calculation of the amount of the Levies in respect of a Scheme.
- (2) In any exceptional situation for which these Rules fail to make the provision required for a calculation of the Levies to be performed, this Rule B1 applies.
- (3) This Rule B1 also applies in any case where it is not reasonably practicable for the Board to obtain any item of information which would normally be required for the application of these Rules.

B1.2 How will the Board calculate the Levies?

Where this Rule B1 applies, the Board hereby determines that the calculation of the Levies shall be performed in such manner and by using such assumptions as in the opinion of the Board:

- (1) is prudent and reasonably practicable for the Board; and
- (2) best gives effect in that situation to the general approach laid down by these Rules.

B2. Correction by the Board

B2.1 When could data be corrected?

- (1) Subject to Rule B2.1(2) and (3), this Rule B2 applies if it appears to the Board that either:
 - (a) the information supplied for or used in the calculation of the Levies (including information contained in any data Submitted, if that information was incorrect at the time when it was Submitted) is incorrect in a material respect;
 - (b) a notification required by or under a certificate in relation to Contingent Assets has not been duly given; or
 - (c) a confirmation, certificate or declaration given for the purposes of these Rules was improperly given or contained information which was incorrect in a material respect.
- (2) Save for:
 - (a) information relating to the identity of the Employer or Certified Guarantor; and
 - (b) information used to calculate an Appealable Score or Monthly Score (or an Appealable Score or Monthly Score itself) in respect of which the manner in which it is said to have been incorrect is not a matter capable of being dealt with through Rule E7,

and without prejudice to Rule E7.8, this Rule B2 does not apply in relation to any information which is used to calculate an Appealable Score or a Monthly Score, or to Appealable Scores or Monthly Scores themselves.

- (3) For the purposes of Rule B2.1(1)(a), information is not incorrect where it is correct and legitimate in itself, but it would have been open to the person supplying it to supply some different or additional information which might have caused these Rules to be applied differently.

B2.2 Correction of the data

- (1) Where Rule B2.1(1)(a) applies, the Board may calculate the Levies on the basis of information which appears to it to be correct for the purposes of these Rules. Where the Levies have already been calculated in respect of a Scheme, the Board may review and revise the amount of the Levies calculated in respect of a Scheme on the basis of information which appears to it to be correct but it shall not be under an obligation so to act.
- (2) The Board is under no obligation to take into account corrected information merely because the Scheme has been disadvantaged by the failure of the trustees or those acting on its or their behalf to supply correct information at the proper time.

B2.3 What if a certificate or declaration is incorrect?

- (1) Where Rule B2.1(1)(b) or B2.1(1)(c) applies, in calculating the Levies in respect of the relevant Scheme the Board may disregard the relevant certificate or declaration if it believes that it has been improperly given.
- (2) Where Rule B2.1(1)(b) or B2.1(1)(c) applies, in calculating the Levies in respect of the relevant Scheme the Board may disregard any information in the confirmation, certificate or declaration which is believed to be incorrect.
- (3) Where the Levies have already been calculated in respect of a Scheme, the Board may review and revise the amount of the Levies calculated in respect of a Scheme on the basis set out in paragraphs (1) or (2) of this Rule B2.3 above but it shall not be under any obligation so to act.

B3. Reliance on information

B3.1 The Board may obtain further information

The Board may, at any time prior to the calculation of the Levies in respect of a Scheme, take such steps as it thinks fit to obtain further or amended information for the purposes of that calculation.

B3.2 The Board may fill in gaps in its information

If, at the time of any calculation of the Levies in respect of a Scheme, any information necessary for such calculation has not been Submitted in the manner or format or at the time anticipated by these Rules, then the Board may instead use equivalent information Submitted or provided in a different manner or format or at a different time.

B3.3 The Board's powers in this Rule B3 are discretionary

The Board is under no obligation to use the powers in Rules B3.1 and/or B3.2 where the relevant information has not been Submitted on or before the relevant Measurement Time and will not do so merely because a Scheme has been disadvantaged by the failure of the trustees or those acting on its or their behalf to Submit information by the relevant deadline.

B4. Disruption in the delivery of information

B4.1 Without prejudice to Rule B3, the Board may at its discretion take account of information Submitted after any applicable deadline but only in circumstances where it appears to the Board that:

- (1) the information was despatched at an appropriate time, but was delayed or lost in transit; or
- (2) both:
 - (a) the provider of the information was prevented from meeting the deadline by the temporary inaccessibility of the PPF website or Exchange, or the interruption of electronic communications, or other (in the opinion of the Board) comparable cause; and
 - (b) the information was Submitted as soon as reasonably practicable thereafter.

Part C – How will the Levies be calculated?

C1. SBL formula

C1.1 Subject to Rule C3.3, the SBL in respect of a Scheme shall be:

$UL \times SLM$.

C1.2 UL shall be the value of the Scheme's Unstressed Liabilities. SLM shall be 0.000021 because that is the "scheme-based levy multiplier" for the 2022/23 Levy Year.

C1.3 For the avoidance of doubt, the SBL for an Alternative Covenant Scheme shall be calculated as set out in this Rule C1.

C2. RBL formula

C2.1 Subject to Rules C2.4, C3, C5, C6 and C7, if the value of a Scheme's Unstressed Liabilities is greater than £50 million, the RBL in respect of a Scheme shall be:

$U \times IR \times LSF$

C2.2 U shall be the underfunding of the Scheme and is calculated using Part D. IR shall be the measure of insolvency risk associated with the Scheme Employer(s) and is calculated using Part E. LSF shall be 0.48 because that is the "risk-based levy scaling factor" for the 2022/23 Levy Year.

C2.3 Small Scheme Adjustment

(1) Subject to Rules C2.4, C3, C5, C6 and C7, if the value of a Scheme's Unstressed Liabilities is less than or equal to £50 million, the RBL in respect of the Scheme shall be:

$U \times IR \times SSA \times LSF$

$SSA = 0.5$ if the value of the Scheme's Unstressed Liabilities is less than or equal to £20 million

$SSA = 0.5 + [0.5 \times (\text{Unstressed Liabilities} - £20\text{m}) / £30\text{m}]$ if the value of the Scheme's Unstressed Liabilities is greater than £20 million and less than or equal to £50 million.

(2) The Board may, at its discretion, determine that the RBL for a Scheme with Unstressed Liabilities of less than or equal to £50 million shall be calculated using the formula in Rule C2.1 rather than this Rule C2.3 if the Board considers that action has been taken in respect of the Scheme (for example, but not limited to, sectionalising the Scheme) wholly or mainly to take advantage of the Small Scheme Adjustment in this Rule C2.3.

C2.4 2022/23 Adjustment

(1) Where, in the absence of this Rule C2.4, the RBL in respect of a Scheme that would be calculated under these Levy Rules is greater than 125% (the "Upper Limit") of the RBL in respect of that Scheme under the 2021/22 Levy Rules (the "Previous RBL"), the RBL for the 2022/23 Levy Year will be adjusted (the "2022/23 Adjustment") so that it is no

greater than 125% of the Previous RBL. This Rule C2.4(1) is subject to Rule C2.4(2), C2.4(3), and Rule C2.4(4)

- (2) The Board may decide that the 2022/23 Adjustment will not apply to any particular Scheme (or will apply with any such modifications as the Board may decide under Rule C2.4(3)) where it would be, in the opinion of the Board, inappropriate for the 2022/23 Adjustment to apply (or to apply without modification) given the general approach indicated by the 2022/23 Adjustment. Circumstances in which the Board may decide to disapply or modify the 2022/23 Adjustment include, but are not limited to:
 - (a) where a material increase in liabilities of the Scheme has taken place;
 - (b) where the Upper Limit would be reached for reasons not related to employer insolvency risk;
 - (c) where the Scheme's RBL is calculated by reference to any of the adjustments in paragraph 5.1 of the Insolvency Risk Appendix; and/or
 - (d) where the Board becomes aware that any action or inaction of a Scheme Trustee or Employer may mean that it is not appropriate for the Board to apply the 2022/23 Adjustment.
- (3) Where the Board has decided that it will apply the 2022/23 Adjustment to a Scheme under paragraph C2.4(2), the Board will perform the calculation of the RBL:
 - (a) with such modifications as may be necessary in order to give effect to the general approach indicated in respect of the 2022/23 Adjustment; and
 - (b) in such manner and by using such assumptions as in the opinion of the Board:
 - (i) are prudent and reasonably practicable for the Board; and
 - (ii) best give effect to the general approach indicated by the 2022/23 Adjustment.
- (4) This Rule C2.4 will not apply to an Alternative Covenant Scheme.

C3. Variations to the SBL and RBL formulae

C3.1 Subject to Rules C5 – C7 (inclusive), the maximum RBL in respect of a Scheme shall be:

$$UL \times K$$

where UL shall be the value of the Scheme's Unstressed Liabilities and K is 0.0025 because that is the "RBL cap" for the 2022/23 Levy Year.

C3.2 If the Scheme is authorised by the Board under section 153 of the Act to continue as a closed Scheme, the RBL shall be zero.

C3.3 If the Scheme is a Failed Scheme as specified in Rule C4 the SBL shall be zero and the RBL shall be zero.

C3.4 For a New Scheme, subject to Rules C3.5, C3.6, C3.7, C5, C6 and C7, the SBL and RBL shall be the product of multiplying, respectively, the amounts shown in Rule C1.1 and C2.1 (or, in the case of the RBL of an Alternative Covenant Scheme, the amount calculated pursuant to Rule C5) by $N/365$ where N is the number of days during the 2021/22 Levy Year for which the New Scheme is a Scheme.

C3.5 Unless they refer to provision of information or documents, in relation to a New Scheme (except for a Scheme to which Rule C5 applies), references in these Rules to the Measurement Time shall be read as references to the first date on which the New Scheme was a Scheme. This Rule C3.5 is subject to Rule E1.3.

C3.6 This Rule C3.6 applies if the Board is satisfied that:

- (1) the New Scheme is the successor to the rights and liabilities of a Scheme which existed on 1 April 2022 (the "Predecessor Scheme") or to some substantial part of the rights and liabilities of such a Scheme;
- (2) the Levies which are or will be payable in respect of the Predecessor Scheme sufficiently take account of the assets and liabilities of the New Scheme;
- (3) the Levies in respect of the Predecessor Scheme either have been paid or will be promptly paid; and
- (4) the New Scheme is not an Alternative Covenant Scheme.

Where this Rule C3.6 applies the Board may determine the amount (which may be zero) of the Levies in respect of the New Scheme as set out in Rule B1.2.

C3.7 New Scheme is not materially underfunded

Except in the case of an Alternative Covenant Scheme, where the Board considers that both:

- (1) no Section 179 Valuation information is conveniently available in respect of a New Scheme; and
- (2) it is unlikely that the New Scheme is materially underfunded on a Section 179 basis at the relevant time.

the Board may determine that the amount of the SBL and/or the RBL shall be zero.

C3.8 Partially Guaranteed Schemes

- (1) The Board shall, where it judges it necessary, obtain from the trustees of a Partially Guaranteed Scheme such information as will allow the Board to make what is in its view an appropriate determination of the assets and Protected Liabilities of the Unsecured Part.
- (2) The information referred to in Rule C3.8(1) above shall be used by the Board in substitution for the Section 179 Valuation falling within Rule D2 or the Assets, Liabilities, Unstressed Assets or Unstressed Liabilities as defined in Rule D2.
- (3) In calculating the Levies for a Partially Guaranteed Scheme, the Board may also apply these Rules with such modifications as appear to it appropriate for the purpose of ensuring that the Levies payable in respect of the Scheme correspond so far as reasonably practicable to the amounts which would have been payable if the Unsecured Part had been a separate Scheme.

C3.9 Multi-Employer Schemes: Segregated Parts

In the case of a Multi-Employer Scheme, the Board may apply Rule C3.3 with such modifications as appear to it appropriate for the purpose of ensuring that:

- (1) zero Levies are only applied to the Segregated Parts (if any) to which that Rule C3.3 applies; and
- (2) appropriate Levies are charged to the remainder (if any) of the Scheme.

C4. What is a Failed Scheme?

C4.1 A Scheme is a Failed Scheme if it meets all of the criteria in Rules C4.2 to C4.4 inclusive and:

- (1) has not been authorised by the Board under section 153 of the Act to continue as a closed scheme; and
- (2) is not a Scheme to which section 146 and/or section 147 of the Act applies; and
- (3) is not an Alternate Covenant Predecessor Scheme.

C4.2 Failure Notice received

A Scheme meets the criteria in this Rule C4.2 if, no later than midnight on 31 March 2022, the Board has either received or issued a Failure Notice in respect of the Scheme.

C4.3 No Rescue Notice

A Scheme meets the criteria in this Rule C4.3 if, before the calculation of the Levies for the Scheme concerned, the Board has neither received nor issued a Rescue Notice in respect of the Scheme.

C4.4 Failure Notice must be binding

A Scheme meets the criteria in this Rule C4.4 if, before the calculation of the Levies for the Scheme concerned, the Scheme Failure Notice has become a Binding Failure Notice.

C5. What is an Alternative Covenant Scheme?

C5.1 Application of this Rule C5

This Rule C5 applies to an Alternative Covenant Scheme, which is a scheme to which C5.1(1) and C5.1(2) apply.

- (1) First, the Board has confirmed to the Scheme that the nature of the Scheme, the features it exhibits, and/or the risk posed to the Board is such that the Board has concluded that it is more appropriate for the Levy Rules in the Alternative Covenant Scheme Appendix to apply than the Levy Rules that would otherwise apply, having had due regard to the Alternative Covenant Scheme Guidance (including but not limited to the examples provided).
- (2) Secondly, the Board has confirmed that the Scheme meets any one of the following criteria at any time:

- (a) It is a Scheme where one of the purposes of its establishment and/or the nature of the ongoing operation of the Scheme and/or of its surrounding arrangements is, in the opinion of the Board, to effect consolidation of Schemes' liabilities;
- (b) It is a Scheme where one of the purposes of its establishment and/or the nature of the ongoing operation of the Scheme and/or of its surrounding arrangements is, in the opinion of the Board, to enable a return to be payable otherwise than to Members;
- (c) It is a Scheme which meets or has met any one of the following criteria at any time on or after 1 January 2017 and before 1 April 2022 (or such later date as the Board may in its discretion decide):
 - (i) in relation to which an Ongoing Governance Arrangement has been entered into; or
 - (ii) in relation to which the Board is satisfied that it has been agreed by TPR that an Ongoing Governance Arrangement will be entered into at some future date, whether in the current Levy Year or not.

Such a Scheme will be an Alternative Covenant Scheme if it meets the criteria in (c)(i) above during the period described in (c) above, even if it has already met the criteria in (c)(ii) before that period.

- (d) It is a Scheme where the sole or last man standing Scheme Employer was responsible for all of the Scheme's liabilities, but that Employer has been replaced by another Employer and:
 - (i) In all of the cases set out in sub paragraph (ii) and (iii) below the replacement took place on or after 1 January 2017; and
 - (ii) the replacement Employer has no material resource of its own to meet the Scheme's liabilities; and/or
 - (iii) apart from the Scheme's assets and any funding obligations that may be imposed on any entity by TPR, the only additional source of funding available to the Scheme to meet its liabilities is held outside the Scheme, is of a limited capital value (that could be subject to investment gains and losses with no or a limited obligation to provide additional funding to those assets), and the assets held outside of the Scheme are only available to the Scheme when pre-agreed specified funding triggers are reached.
- (e) It is a Scheme where:
 - (i) the purposes of any employment relationship entered into on or after 1 January 2017 between the Scheme Employer and the Scheme Members are, in the Board's opinion, designed to ensure that the Scheme becomes or continues to be eligible for, PPF compensation; and
 - (ii) the majority of the Scheme's liabilities (as assessed by the Board by reference to the Scheme's membership data) have accrued with an Employer that does not participate in the Scheme and has no obligations towards such liabilities (or where such a funding obligation exists, the

Board is of the opinion that the obligation cannot be met or is unlikely to be met).

- (3) Any Scheme classified as an Alternative Covenant Scheme under Rule C5.1 above will continue to be classified as such until the Board is satisfied that such classification should no longer apply to the relevant Scheme.

C6. Calculation of RBL for an Alternative Covenant Scheme

- C6.1 Subject to Rules C6.2, C6.3, C6.5 and C7, the RBL for an Alternative Covenant Scheme shall be calculated in accordance with the Alternative Covenant Scheme Appendix (and such of the Rules and Appendices as are specified in that Appendix, as modified by that Appendix), and taking account of the approach set out in the Alternative Covenant Scheme Guidance from time to time.
- C6.2 The Board may, at its discretion, and subject to receiving such information (and at such times as it considers appropriate, adjust the RBL calculated pursuant to Rule C6.1 as it thinks fit to take into account any arrangements that meet the requirements of Parts G and H of these Rules.
- C6.3 The Board may, at its discretion, and subject to receiving such information (and at such times sufficiently in advance of the calculation of the Levies) as it considers appropriate, adjust the RBL calculated pursuant to Rule C6.1 as it thinks fit to take into account any arrangements documented in any Ongoing Governance Arrangement, which the Board considers may reduce the risk of compensation being payable in the event of an insolvency event occurring in respect of the Employer.
- C6.4 Except where Rule C6.2 applies, or where specified elsewhere in these Rules, parts D to H of these Rules shall not apply to an Alternative Covenant Scheme.
- C6.5 If the Board has agreed, pursuant to the terms of any relevant Ongoing Governance Arrangement, to modify the RBL and/or SBL of an Alternative Covenant Scheme to that calculated pursuant to these Rules, or for there to be adjustments applied to the methodology set out in the Alternative Covenant Scheme Appendix, the RBL and/or SBL will be calculated on the basis of any such agreed modifications.

C7. Transfers to Alternative Covenant Schemes

- C7.1 Where a Scheme transfers some or all of its liabilities to an Alternative Covenant Scheme and Rule F1 (Full Transfer) is met, the Board will calculate (or, as the case may be, recalculate) the Levies for the Alternative Covenant Scheme in such manner that the Board considers best gives effect to the transfer, having regard to the information available to the Board and to the Alternative Covenant Scheme Appendix.
- C7.2 Where a Scheme transfers some or all of its liabilities to an Alternative Covenant Scheme and the definition in Rule F1.3 (Full Transfer) is not met, and the Board considers that the Levies payable by an Alternative Covenant scheme would not (in the absence of this Rule C7.2) adequately reflect the risk posed, the Board may calculate (or recalculate) the Levies for the Alternative Covenant scheme in such manner as the Board considers appropriate in the circumstances.
- C7.3 Where the Board considers that the Levies payable by an Alternative Covenant Scheme and its relevant Alternative Covenant Predecessor Scheme would not, in the absence of this

Rule C7.3, adequately reflect the risk posed by the Alternative Covenant Scheme and the Alternative Covenant Predecessor Scheme either individually or together during the whole of the Levy Year, the Board may do one or more of the following:

- (a) increase the RBL that would otherwise be calculated pursuant to Rule C6 (and Rule C7, as applicable), in relation to the Alternative Covenant Scheme, in such manner as the Board considers appropriate in the circumstances;
- (b) modify the RBL and/or SBL that would otherwise be calculated pursuant to the Rules in relation to the Alternative Covenant Predecessor Scheme, in such manner as the Board considers appropriate in the circumstances;
- (c) apportion the Levies calculated pursuant to the Rules, as amended pursuant to (a) and (b) above, between the Alternative Covenant Scheme and the Alternative Covenant Predecessor Scheme in such manner as the Board considers appropriate in the circumstances.

Part D – How will underfunding be calculated?

D1. How is underfunding (“U”) calculated?

D1.1 U is calculated as (to be expressed as a monetary figure, rounded in accordance with Rule A5, or, if such amount is negative, zero):

- (a) the greater of (i) the shortfall (if any) between the Assets and the Liabilities and (ii) the shortfall (if any) between the Unstressed Assets and the Unstressed Liabilities where the Assets and Unstressed Assets are calculated including the value of any Deficit-Reduction Contributions figure which is stated in the most recently submitted compliant certificate (if any) under Rule G1 and adjusted (as appropriate) in accordance with the Transformation Appendix; (and where neither shortfall exists, this amount shall be taken as zero); less
- (b) the value of any Type B Contingent Assets or Type C Contingent Assets recognised by the Board for the purposes of the 2022/23 levy under Part G and adjusted (as appropriate) in accordance with the Transformation Appendix and the Contingent Asset Appendix; less
- (c) the ABC Value of any Qualifying ABC Arrangements; and less
- (d) the value of the Qualifying ABC Payments (whether or not the ABC Arrangement is a Qualifying ABC Arrangement).

D1.2 U may therefore be expressed by the formula:

$$U = \max[\max[(L - A - D), (UL - UA - D), 0] - CA - ABC, 0]$$

where L, A, UL and UA represent, respectively, the Liabilities, Assets, Unstressed Liabilities and Unstressed Assets, D represents the value of any validly certified Deficit-Reduction Contributions,

CA represents the value of any validly certified Type B Contingent Assets or Type C Contingent Assets and ABC represents the total of the amounts referred to in D1.1(c) and (d).

D1.3 L, A, UL, UA, D, CA and ABC shall be calculated in accordance with Rule D2.

D2. Assets, Liabilities, Unstressed Assets and Unstressed Liabilities

D2.1 What is meant by Assets, Liabilities, Unstressed Assets or Unstressed Liabilities of the Scheme?

(1) Subject to Rule D2.1(3), D2.3, and Part F, where at the Measurement Time:

- (a) a Section 179 Valuation has been Submitted; or
- (b) a Section 179 Valuation has not been Submitted but an MFR Valuation has been Submitted;

any reference in these Rules to the Assets, Liabilities, Unstressed Assets or Unstressed Liabilities is to the value or amount of the Supplied Assets or Supplied Liabilities as appropriate, as shown in that Section 179 Valuation or MFR Valuation, but then adjusted in a manner which in the view of the Board best gives effect to the approach set out in the Transformation Appendix to these Rules (or, where applicable, the MFR Conversion Appendix to these Rules) and results in the Scheme's assets and its liabilities being consistently treated for the purposes of the Transformation Appendix and the MFR Conversion Appendix.

(2) Where:

- (a) neither a Section 179 Valuation nor an MFR Valuation has been Submitted at the Measurement Time;
- (b) Rules D2.2 and D2.3 do not apply; and
- (c) the Board has, after the Measurement Time, but before calculation of the Levies, obtained a Section 179 Valuation in respect of the Scheme,

any reference to the Assets, Liabilities, Unstressed Assets or Unstressed Liabilities of the Scheme is to the value or amount of the Supplied Assets or Supplied Liabilities as appropriate, as shown in that Section 179 Valuation, adjusted first in accordance with the Transformation Appendix as in Rule D2.1(1) and second by reducing the value of the Assets or Unstressed Assets (as the case may be) by 5%.

(3) Where a Segregated Part has been created by the operation of an option or requirement to segregate on or before 31 March 2022 (whether or not any such Segregated Part has transferred to the PPF) and there is no Section 179 Valuation calculated by reference only to the Segregated Part and/or the remainder of the Scheme:

- (a) the Board shall, for the purposes of assessing the Assets, Liabilities, Unstressed Assets or Unstressed Liabilities of the Segregated Part, multiply the equivalent data for the entire Scheme (as defined in (c) below) by A/B , where A shall be the number of Allocated Members of the Employer for that Segregated Part, and B shall be the total number of Members in the entire Scheme.

- (b) the Board shall, for the purposes of assessing the Assets, Liabilities, Unstressed Assets or Unstressed Liabilities of the remainder of the Scheme, multiply the equivalent data for the entire Scheme (as defined in (c) below) by C/D. C shall be the total number of Members who are not Allocated Members of the Employer for that Segregated Part (including for the avoidance of doubt any Member not formally attributed to any current Employer). D shall be the total number of Members in the entire Scheme.
- (c) the equivalent data for the entire Scheme shall be ascertained in accordance with Rules D2.1(1) and (2).

D2.2 Schemes which are not yet obliged to complete a Section 179 Valuation

Where no Section 179 Valuation has been Submitted in relation to a Scheme but where the trustees are not obliged to complete a Section 179 Valuation at or before the Measurement Time, the Board may obtain from the trustees of that Scheme such information as will allow the Board to make a determination of the Assets, Liabilities, Unstressed Assets or Unstressed Liabilities of the Scheme equivalent to that in Rule D2.1 which in the view of the Board best gives effect to the general approach laid down by these Rules.

D2.3 Schemes which have completed a valuation pursuant to section 143 or 156 of the Act

Where a Scheme has undertaken a valuation under section 143 or section 156 of the Act, the Board may obtain from the trustees of the Scheme such information as will allow the Board to make a determination of the Assets, Liabilities, Unstressed Assets or Unstressed Liabilities of the Scheme in the manner which in the view of the Board best gives effect to the general approach laid down by these Rules.

D3. Investment Stress Threshold

D3.1 What is meant by the Investment Stress Threshold?

- (1) A Scheme meets the Investment Stress Threshold where any of the following applies:
 - (a) Where a Section 179 Valuation has been Submitted as at the Measurement Time (whether or not there is a subsequent Post-Transfer Valuation in respect of the Scheme), the Supplied Liabilities of the Scheme as shown in that valuation equal or exceed £1.5bn;
 - (b) Where no Section 179 Valuation has been Submitted as at the Measurement Time, the Supplied Liabilities of the Scheme as a result of the application of Rules D2.1(2) - D2.3 inclusive (whether or not there is a Post-Transfer Valuation in respect of the Scheme) equal or exceed £1.5bn;
 - (c) the Scheme is classified by the Board as an Alternative Covenant Scheme.

D3.2 The Board's requirement, as part of the Scheme Return, for additional information where a Scheme meets the Investment Stress Threshold.

Where a Scheme meets the Investment Stress Threshold, the Scheme should carry out the calculations and Submit the information specified in the Investment Risk Appendix when it is required to submit its Scheme Return. Any updates to this information must be made by the Measurement Time if it is to be taken into account for the 2022/23 Levy Year. For the avoidance of doubt, where the Scheme meets the Investment Stress Threshold, the calculations and submission

should be completed for the 2022/23 Levy Year, even if the Asset Date (as defined in the Investment Risk Appendix) has not changed as compared to the previous Levy Year.

D3.3 Approach where required information is not provided

- (1) This Rule D3.3 applies to any Scheme which meets the Investment Stress Threshold and in respect of which the information specified in the Investment Risk Appendix is not Submitted as at the Measurement Time.
- (2) The Board may make such assumptions in relation to the information that is not Submitted as, in its opinion, are appropriate, prudent, and reasonably practicable. These assumptions may (without limitation) be based upon or take account of other information provided by the Scheme for the 2022/23 Levy Year or previously and/or information Submitted by other Schemes, including (without limitation) data representing the mean or median situation of Schemes generally or any class of Schemes, or data representing the situation of those Schemes whose investments are most exposed to risk as considered by reference to the Transformation Appendix and Investment Risk Appendix, or any combination thereof.

D3.4 Schemes to which the Investment Stress Threshold does not apply

- (1) Subject to Rule D3.5(2) below, nothing in these Rules shall be taken as preventing any Scheme to which the Investment Stress Threshold does not apply from Submitting the information specified in Rule D3.2 above.
- (2) Where some or all of the information specified in the Investment Risk Appendix is not Submitted, without prejudice to the Board's powers under Rule B3 the Assets for that Scheme shall be calculated using the factors specified in paragraph 4.2 of the Transformation Appendix and in accordance with paragraph 4.7 of the Transformation Appendix but disregarding the factors specified within the Investment Risk Appendix, and the Liabilities, Unstressed Assets and Unstressed Liabilities for that Scheme shall be calculated in accordance with the Transformation Appendix.
- (3) In any case where a Scheme to which the Investment Stress Threshold does not apply Submits the information specified in the Investment Risk Appendix, the Assets for that Scheme shall be calculated using the factors specified in the Investment Risk Appendix and in accordance with paragraph 4.7 of the Transformation Appendix (and the Liabilities, Unstressed Assets and Unstressed Liabilities for that Scheme shall be calculated in accordance with the Transformation Appendix).

D3.5 Transfers

- (1) For the avoidance of doubt, the Investment Stress Threshold does not apply to a Post-Transfer Valuation, whether first provided in respect of the 2022/23 Levy Year or otherwise.
- (2) Where Rule F1 applies, any information provided pursuant to Rule D3.2 or Rule D3.4(3) by the Receiving Scheme may only be applied for the purposes of calculating the Receiving Scheme's risk-based levy if it is Submitted as at 31 March 2022 as part of the Scheme Return.
- (3) Where:
 - (a) Rule F1 applies; and

- (b) a Receiving Scheme has Submitted information pursuant to Rule D3.2 or Rule D3.4(3) in accordance with Rule D3.5(2); and
- (c) the Poor Data Methodology does not apply,

the Levies of the Receiving Scheme shall be calculated as if the information in Rule D3.5(3)(b) above had been provided in respect of the Board's determination of the post-transfer Assets and Unstressed Assets of the Receiving Scheme.

Part E - Measuring Employer insolvency risk

E1. How to calculate Insolvency Risk ("IR")

This Rule E1 sets out how to calculate IR for the purposes of Rule C2.1 and is subject to Rule E7 (D&B Appeals).

E1.1 Single Employer Schemes

In the case of a Scheme with a single Employer, IR is the Levy Rate (LR) of that Employer, which is calculated in accordance with Rules E1.3 - E5 and the Insolvency Risk Appendix, as applicable. For the avoidance of doubt, Rule E5.3 will not apply to such a Scheme.

E1.2 Multi-Employer Schemes

In the case of a Scheme with more than one Employer, the LR of each Employer is calculated in respect of that Scheme as set out in Rule E1.1 (but, for the avoidance of doubt, Rule E5.3 may apply) and IR is calculated as set out in Rule E6.3.

E1.3 New and No Return Schemes

In the case of a New Scheme or a No Return Scheme:

- (1) the LR of each Employer which existed at 31 March 2022 shall be calculated in respect of that Scheme as set out in Rule E1.1 (or Rule E1.2 where such Scheme has more than one Employer);
- (2) the LR of each Employer which did not exist at 31 March 2022 shall be calculated in respect of that Scheme in accordance with Rules E5.3 to E5.5, as applicable and all other Rules for calculating LR shall be disregarded.

E2. Data used to calculate Scores

E2.1 Data collection and use for Monthly Scores

Monthly Scores and Adjusted Monthly Scores will be calculated in accordance with these Rules by reference to the position as at each Score Measurement Date, using data in relation to Employers (and, where relevant, their Ultimate Parents and Group Subsidiaries) to the extent and in the manner provided for by these Rules which either:

- (1) has been collected by D&B under Rule E2.2;
- (2) has been provided to D&B under Rule E2.3; or
- (3) has been collected by the Board and provided to D&B under Rule E2.4;

in each case, by the time stipulated in Rule E2.7.

E2.2 Routine Collection for Monthly Scores

- (1) The Board has instructed D&B to collect (or procure the collection of) such of the data referred to in Rule E2.2(2) in relation to each Employer (and, where relevant their Ultimate Parents and Group Subsidiaries) as is either Filed with one of the sources referred to in Rule E2.2(3), or available to D&B from such other sources as the Board instructs D&B to collect and use from time to time (whether generally or for specified purposes or to a specified extent) and which is relevant for the purposes of calculation under these Rules.
- (2) The data to be collected is:
 - (a) the Latest Accounts of the Employer, its Ultimate Parent and any Group Subsidiaries (as the case may be);
 - (b) the three sets of Accounts Filed by the Employer, Ultimate Parent and any Group Subsidiaries (as the case may be) before the Latest Accounts and which have a Year End Date which is no more than five years before the Year End Date of the Latest Accounts (or, if there are fewer than three such sets of Accounts Filed with Year End Dates within that period, all the Accounts which have been Filed with a Year End Date within that period);
 - (c) the establishment or registration date of any Employer;
 - (d) the most recent Annual Return or Confirmation Statement of the Employer, Ultimate Parent or Group Subsidiary (as the case may be), and in the case of a Confirmation Statement, any information delivered at the same time as the Confirmation Statement pursuant to section 853A(1)(b)(ii) of the Companies Act 2006, and relevant information to which the most recent Confirmation Statement relates in any previous Annual Returns or Confirmation Statements in respect of the entity; and
 - (e) data showing any of the matters referred to in paragraph 5.1 of Part 5 of the Insolvency Risk Appendix.
- (3) The relevant sources are:
 - (a) Companies House;
 - (b) the Charity Commission;
 - (c) any Other Permitted Source.

E2.3 Voluntary provision of data

Scheme Employers, Ultimate Parents, Group Subsidiaries and trustees may voluntarily provide to D&B the following information by calling 0345 600 2541 (or +44 (0)20 8633 4900 for international

callers) or by any other means specified on the Board's website expressly stated to be for the purpose of this Rule E2.3:

- (1) Any of the information referred to in Rule E2.2(2)(a), (b), (d) and (e) in relation to an Employer, Group Subsidiary or Ultimate Parent (as the case may be) where that Employer, Group Subsidiary or Ultimate Parent (as the case may be) is not required by law to file that information with any of the organisations referred to in Rule E2.2(3);
- (2) Consolidated Accounts relating to the Ultimate Parent, for the purposes of calculating the Parent Score Variable referred to in paragraph 3.5 of Part 3 of the Insolvency Risk Appendix;
- (3) Full Accounts, where the Employer is required by law to file accounts with Companies House but those accounts are permitted to be Small Accounts and so it has not Filed Full Accounts with Companies House, provided that:
 - (a) any such Full Accounts provided under this Rule must be Consolidated Accounts where the accounts filed by the Employer with Companies House are Consolidated Accounts; and
 - (b) N-3 Accounts must be accompanied by Full Accounts for all years after the N-3 Accounts up to and including the Latest Accounts;
- (4) Officers' Certificates and associated documentation required for certain adjustments to calculate Adjusted Monthly Scores as set out in Parts 4 and 5 of the Insolvency Risk Appendix and the associated definitions in Part A of the Rules;
- (5) In the case of a company which is not required to disclose in its Accounts the number of its employees, a certificate signed by its auditor stating that number and, if applicable, the number of employees calculated on a FTE Basis;
- (7) Interim financial statements in relation to an Employer, Group Subsidiary or Ultimate Parent (as the case may be) where:
 - (a) the Employer, Group Subsidiary or Ultimate Parent (as the case may be) will be required by law to File Accounts with any of the organisations referred to in Rule E2.2(3) but not until after the penultimate Score Measurement Date;
 - (b) no Accounts have in fact been Filed by the penultimate Score Measurement Date;
 - (c) save as to the period in relation to which they are prepared, the interim financial statements meet the requirements in the definition of Accounts in Part A of these Rules; and
 - (d) the interim financial statements cover a period of at least 30 days.

Where such interim financial statements are accepted by D&B for the purposes of the 2022/23 Levies, references to "Accounts" in these Rules shall be read accordingly.

- (8) In the case of an Employer which had (a) Consolidated Accounts for its N-3 Accounts and (b) at the time of the effective date of the N-3 Accounts, Dormant Subsidiaries, and which has non-Consolidated Accounts for its Latest Accounts, a written statement that complies with paragraph 3.12 of the Insolvency Risk Appendix.

E2.4 Credit Ratings

In relation to each Employer categorised as CRA Rated under Rule E3.1(9) below:

- (1) For the purposes of allocating a Credit Rating for the Employer as at each Score Measurement Date, the Board will collect public credit rating data for that Employer as at the previous Score Measurement Date from the Credit Rating Agencies and will apply that data in accordance with Annex 1 to the Insolvency Risk Appendix to allocate a Credit Rating to the Employer.
- (2) The Board will supply the Credit Ratings to D&B for use in the calculation of the Employer's Monthly Scores in accordance with Part 4 of the Insolvency Risk Appendix.

E2.5 Data hierarchy

- (1) Subject to (2) below, in the event that the collection of data in accordance with Rule E2.1 results in conflicting data items, the following hierarchy will be applied to resolve the conflict (and, for the avoidance of doubt, no account will be taken of which source provides the most recent data):
- (a) A Company/Charity Source;
 - (b) any Other Permitted Source (other than a source referred to in (a) above);
 - (c) any other source specified by the Board pursuant to Rule E2.2(1);
 - (d) voluntary provision pursuant to Rule E2.3.
- (2) The exceptions to the hierarchy set out in (1) above are as follows:
- (a) in the event that there is a conflict between data collected from two or more sources at the same level in the hierarchy:
 - (i) the source or sources which provide the most recent data shall be used in preference; and
 - (ii) if the application of (i) does not resolve all conflicts, the Board shall determine which source should be used by D&B;
 - (b) if Consolidated Accounts in relation to an Ultimate Parent are voluntarily provided pursuant to Rule E2.3, these will be used in preference to any other Accounts collected by D&B pursuant to this Rule E2, provided that they have a Year End Date the same as or more recent than those other Accounts; and

(c) if Full Accounts are voluntarily provided pursuant to Rule E2.3, these will be used in preference to any Small Accounts Filed with Companies House as if the Full Accounts were Revised Accounts and notwithstanding the provisions of Rule E2.7(1), provided that such Full Accounts must have a Year End Date which is:

- (i) in the case of Latest Accounts, the same as or later than; and
- (ii) in the case of N-3 Accounts, the same as,

the relevant Small Accounts Filed with Companies House. For the avoidance of doubt, if Small accounts are subsequently Filed with a later Year End Date than the Latest Accounts or the N-3 Accounts, they will be used in place of the corresponding Full Accounts.

E2.6 Data Quality

Save to the extent expressly set out in these Rules and the Insolvency Risk Appendix, D&B shall apply such data quality procedures and shall resolve conflicts between data items using the same approach that it would adopt in its ordinary course of business from time to time.

E2.7 Timing of data collection and use

- (1) Except where (2), (3), (4), (6) or (7) below applies, the Board and D&B will use such data as has either:
 - (a) been collected or received in accordance with Rule E2.1 (except where Rule E2.1(3) applies) and which D&B, the Board or an appointed third party (as relevant) has been able to process by the Score Measurement Date in question; or
 - (b) been Filed at least one calendar month before the Score Measurement Date.
- (2) The identity of any Employer for whom an LR is required to be calculated will be determined using data which has been Submitted at the Measurement Time.
- (3) To calculate the Adjusted Monthly Scores pursuant to Part 5 of the Insolvency Risk Appendix, D&B will use such data as has either been collected or received in accordance with Rule E2.1 by midnight on 31 March 2022 and which it has been able to process by the date of calculation of the Levies.
- (4) D&B will take into account a written statement supplied by an auditor pursuant to paragraph 3.9(2) of Part 3 of the Insolvency Risk Appendix by the Measurement Time.
- (5) For the purposes of Rule E2.3, information will be deemed provided when it is actually received by D&B save that the Board may direct D&B to accept information received after any applicable deadline in the same circumstances as those set out in Rule B4.
- (6) A Certified Guarantor's Monthly Score will be calculated using such financial information as is Submitted by the Measurement Time.

- (7) Where information is Filed at any Other Permitted Source (with the exception of the Financial Conduct Authority), the Board and D&B will use such Accounts as have been Filed as at 31 December of the Levy Year immediately preceding that to which these Rules relate, in respect of any Score Measurement Date subsequent to the date that those Accounts were Filed. This sub-rule is subject to Rule E2.3.

E3. Employer Categorisation

E3.1 What are the Employer Categories?

 - (b) has, before the calculation of the Levies, provided the Board with evidence which the Board considers to be satisfactory that, as at the relevant Score Measurement Date, its articles or other constitutional documents:
 - (i) would not permit it to trade for profit;
 - (ii) would not permit the payment of dividends, or any return of capital; and

- (9) *CRA Rated*: An Employer which meets all of the following criteria at the Score Measurement Date:

- (a) by the Measurement Time, received an Officer's Certificate confirming that:
 - (i) one of the following criteria is met:
 - (A) the Employer is established by legislation or under international treaty; or
 - (B) the Employer is the Crown or is an entity classified as Central Government or is a foreign government (or an entity that has a similar relationship to a foreign government as a Central Government entity); and
 - (ii) the advantage derived from the levy calculated taking into account the Officer's Certificate is compliant with the UK's international commitments on subsidy control and the UK's subsidy control regime;
- AND** the Board has confirmed:
- (iii) the nature of the Employer's constitution, governance, function or sources of income are such that in the opinion of the Board the application of Rules E2 – E5 (with the exception of those Rules which expressly apply to Special Category Employers) does not fundamentally capture the risk of the Employer's Scheme(s) making a claim on the PPF; and
 - (iv) in the opinion of the Board it is very unlikely in practice that the Board will have to assume responsibility for the Employer's Scheme(s) in the foreseeable future; or
- (b) where the Board has classified an Employer as a Special Category Employer under (a) above in respect of a previous Levy Year:
- (i) the Board has received confirmation, by the Measurement Time, that there have been no material change(s) in circumstances that would affect the previously granted confirmation that the Employer is a Special Category Employer; and
 - (ii) where the Board's previously-granted confirmation of the Employer as a Special Category Employer has been on the basis that the advantage

derived in the previous Levy Year(s) did not exceed the de minimis threshold that applied at that time, the Board has received confirmation, by the Measurement Time, that the advantage derived from the 2022/23 levy will not exceed such de minimis threshold as applies when the confirmation is given or that the advantage derived from the 2022/23 levy will comply with the UK's international commitments on subsidy control and the UK's subsidy control regime for other specified reasons; and

- (iii) the Board is not aware, at any time, of any changes that would affect the previously granted confirmation of Special Category Employer status.
 - (c) This Rule 11(c) applies where the Board has become aware, at any time, of any reason why any confirmation of an Employer as a Special Category Employer should no longer be regarded as appropriate.
- (12) *Non-Filing*: An Employer in respect of which one of the following applies:
- (a) None of paragraphs (1) to (11) above applies to it as at the relevant Score Measurement Date;
 - (b) The data collected or received in respect of it pursuant to Rule E2.1 at the relevant Score Measurement Date are insufficient for D&B to assign it to a category within this Rule E3.1;
 - (c) The information Submitted as at the Measurement Time does not allow D&B to identify the entity which is the Employer;
 - (d) The Employer:
 - (i) has at a Score Measurement Date filed Accounts as a dormant company as defined in section 1169 of the Companies Act ("Dormant Accounts") as a result of which a Monthly Score is available under these Rules if this Rule E3.1(12) were disregarded (the "Dormant Account Monthly Scores");
 - (ii) has, subsequent to any Score Measurement Date in respect of which a Dormant Account Monthly Score is calculated, been subject to a substantive change of circumstances such that the Employer has, for any Score Measurement Date subsequent to a Dormant Account Monthly Score, Filed Accounts that are not Dormant Accounts; and
 - (iii) in the opinion of the Board, the application of Rules E2 – E5 (with the exception of those Rules which expressly apply to Employers that are Non-Filing at any Score Measurement Date) does not fundamentally capture the risk of the Employer's Scheme(s) making a claim on the PPF.

E3.2 Categorisation Principles

- (1) The categorisation principles set out in Part 1 of the Insolvency Risk Appendix will apply for the purposes of assigning Employers to the categories referred to in Rule E3.1.

(2) If the Employer's Latest Accounts Filed before 29 May 2014 show that it was not the Ultimate Parent or not part of a Group (as applicable) on or before 29 May 2014 and the Board considers that a Group Subsidiary or Parent has been created wholly or mainly for the purposes of reducing liability to levy, the Board may instruct D&B to categorise the Employer as if the position shown in the Employer's Latest Accounts Filed before 29 May 2014 were reflected in its Latest Accounts Filed as at each Score Measurement Date.

E4. Calculation of Monthly Scores and Adjusted Monthly Scores

E4.1 Subject to Rule E4.2, the Monthly Score and Adjusted Monthly Score of each Employer is that calculated by the application of the following process:

(1) Applying the data collected or received in accordance with Rule E2 to the relevant Scorecard which applies to the Employer's category as determined in accordance with Rule E3, as set out in the following table:

Employer Category	Applicable Scorecard
Non-Subsidiaries £30m+ and Large Subsidiaries	Scorecard 1
Non-Subsidiaries <£30m	Scorecard 2
Group £50m+	Scorecard 3
Group £10m to £50m	Scorecard 4
Group <£10m	Scorecard 5
Group Small	Scorecard 6
Independent Small	Scorecard 7
Not-for-Profit	Scorecard 8
CRA Rated	Scorecard 9

(2) Applying the calculation principles, methods, procedures and formulae which are set out in Parts 3 and 4 of the Insolvency Risk Appendix and the adjustments set out in Part 5 of the Insolvency Risk Appendix to each Employer.

E4.2 Where an Employer is a Special Category Employer or is Non-Filing, no Monthly Score nor Adjusted Monthly Score will be calculated.

E5. How to calculate LRs

E5.1 LRs where Monthly Score can be calculated

(1) This Rule E5.1 applies where D&B have applied the procedures set out within Rules E2 to E4 and the relevant Parts of the Insolvency Risk Appendix in respect of an Employer and is able to provide a Monthly Score for an Employer in respect of a Scheme as at any Score Measurement Date(s).

- (2) Where this Rule E5.1 applies, the LR of that Employer in respect of a Scheme shall be the LR of the Levy Band within which the Mean Score falls, as shown in Table 5 in Part 7 of the Insolvency Risk Appendix.

E5.2 LRs for Special Category Employers

- (1) This Rule E5.2 applies where at least one Employer in relation to a Scheme falls within the category under Rule E3.1(11).
- (2) Where this Rule E5.2 applies, the LR of that Employer in respect of a Scheme shall be the LR of Levy Band 1, as shown in Table 5 in Part 7 of the Insolvency Risk Appendix.

E5.3 Scheme averages

- (1) This Rule E5.3 applies where at least one of but no more than 50% of a Scheme's Members are Allocated Members in respect of an Employer or Employers who are Totally Non-Filing.
- (2) Where this Rule E5.3 applies, the LR in respect of that Scheme for each such Totally Non-Filing Employer shall be the mean average of the LRs of the other Employers in relation to that Scheme.

E5.4 Industry averages

- (1) This Rule E5.4 applies where at least one Employer in relation to a Scheme is Totally Non-Filing but where Rule E5.3 does not apply.
- (2) Where this Rule E5.4 applies, the LR for that Employer will be based upon the assignment of the Employer to an industry group based on two-digit 2007 Standard Industry Classification (SIC) codes, in accordance with this Rule E5.4. For non-UK Employers who do not have a UK classification D&B will use the US SIC Code, 1987.
- (3) The Employer will be assigned to whatever industry group D&B would assign it to in its ordinary course of business, provided that, if the Board considers that this is not appropriate in any particular case, the Employer will be assigned by the Board to whatever industry group appears to the Board to be most appropriate.
- (4) The LR for such an Employer shall be the LR which D&B notifies to the Board as being the Median LR for all UK-domiciled Employers within the industry group to which the Employer has been assigned pursuant to Rule E5.4(3) in respect of whom Scores have been calculated under these Rules (excluding Rule E5.3) for the purposes of the 2022/23 Levy Year.

E5.5 Blended averages

- (1) This Rule E5.5 applies where Rule E5.4 applies save that:
 - (a) neither D&B nor the Board is able to determine the most appropriate SIC Code for an Employer; or

- (b) the Board has not been provided with a Score for any Employers within the industry group to which that Employer has been assigned.
- (2) Where this Rule E5.5 applies, the LR for the Employer shall be the LR which D&B notifies to the Board as being the Median LR for all UK-domiciled Employers (irrespective of industry group) in respect of which it has provided the Board with Scores for the purposes of the 2022/23 Levy Year.

E5.6 Calculation Principles

Rule E5 is subject to the calculation principles set out in Part 6 of the Insolvency Risk Appendix.

E6. Insolvency risk for Multi-Employer Schemes

E6.1 Membership numbers

The number of Allocated Members of a Scheme for each Employer is to be determined in accordance with the relevant Exchange user-guide.

E6.2 Categorisation of Multi-Employer Schemes

- (1) Each Multi-Employer Scheme is to be determined as being either a “Last Man Standing Scheme”, a “Partial Segregation Scheme” or a “Centralised Scheme” in accordance with the definitions in this Rule E6.2.
- (2) A “Last Man Standing Scheme” is a Multi-Employer Scheme:
- (a) which is not a Centralised Scheme;
 - (b) the rules of which do not include any requirement or discretion for the trustees to segregate assets on cessation of participation of an Employer; and
 - (c) in relation to which it has been confirmed to the Board (in such manner as specified on Exchange) by the Measurement Time that Appropriate Legal Advice has been received by the trustees which confirms that in his/her opinion, the statement in (b) is correct.
- (3) A “Partial Segregation Scheme” is a Multi-Employer Scheme which is neither a Centralised Scheme nor a Last Man Standing Scheme.
- (4) A “Centralised Scheme” is a Scheme:
- (a) which was established as a centralised scheme for non-associated Employers as described in Part 21 of IR12 (2001), and whose rules do not include a requirement or discretion for the trustees to segregate assets on cessation of participation of an Employer; and
 - (b) in relation to which the Board has, if it so requests, received satisfactory evidence in support of the statements in (a) before the calculation of the Levies for that Scheme.

E6.3 How is IR calculated for Multi-Employer Schemes?

- (1) In the case of a Centralised Scheme, IR shall be the weighted average of the LRs for each Employer, with each LR multiplied by a concentration index Hf, where Hf is calculated as the sum of the squares of the proportions of Allocated Members corresponding to each Employer.

Hf may be expressed by the formula:

$$Hf = \sum_{i=1}^n (s_i \div T)^2$$

where n represents the number of Employers in relation to the Scheme, s_i represents the number of Members allocated to Employer i, and T represents the total number of Members in relation to the Scheme, i.e.:

$$T = \sum_{i=1}^n s_i$$

- (2) In the case of a Partial Segregation Scheme, IR shall be the weighted average of the LRs for each Employer.
- (3) In the case of a Last Man Standing Scheme, IR shall be the weighted average of the LRs for each Employer in relation to the Scheme, with each LR multiplied by $0.9 + (0.1 \times Hf)$, where Hf is as set out in E6.3(1) above.
- (4) In each case:
- (a) the LR for each Employer shall be separately determined in accordance with Rules E1 to E5 and the Insolvency Risk Appendix and, when determining the LR of each Employer in a Last Man Standing Scheme or in a Centralised Scheme, the resultant calculation of the LR is not to be rounded; and
 - (b) a weighted average will be calculated of the LR (adjusted in accordance with E6.3(1) and E6.3(3) as appropriate) for all Employers, where the weightings are equal to the number of Allocated Members for each Employer, divided by the total number of Members.

E7. D&B appeals

E7.1 What elements of the levy calculation can be appealed to D&B?

D&B can only deal with appeals relating to an Appealable Score. For the avoidance of doubt, D&B cannot deal with appeals relating to:

- (1) the assignment of an Employer to an industry group in a case in which the Board has taken the decision about which industry group is most appropriate under Rule E5.4(3);

- (2) Monthly Scores (or equivalent) as at each Score Measurement Date (although each Monthly Score can be taken into account when D&B is dealing with appeals relating to Appealable Scores);
- (3) any decision as to whether or not an Employer is a Special Category Employer;
- (4) the calculation of any Monthly Score in respect of an entity scored on Scorecard 9 or any decision as to whether or not an entity is assigned to Scorecard 9.

E7.2 Who can appeal to D&B?

The following can appeal to D&B:

- (1) a Scheme trustee in relation to any Appealable Score relating to the Scheme of which he is a trustee;
- (2) an Employer in relation to its own Appealable Score;
- (3) a Guarantor in relation to its own Appealable Score;
- (4) a person duly authorised to represent a person referred to in E7.2(1), (2) or (3); or
- (5) the Board.

E7.3 How can such a person appeal?

Save where an appeal is made by the Board, D&B can only deal with appeals in writing which are sent by email to PPF@dnb.com with the title of the email including the words "PPF Appeal" (or by any other means specified on the Board's website expressly stated to be for the purpose of this Rule E7.3) and which comply with any other formalities that are stipulated by D&B.

E7.4 What are the time limits?

Save where an appeal is made by the Board, D&B can only deal with an appeal if:

- (1) either:
 - (a) it is received by D&B no later than 28 days after the date shown on the notification of the Levies in respect of the relevant Levy Year; or
 - (b) the circumstances of a case are such that, in the opinion of the Board, it is reasonable for an appeal to be sent after the end of the period mentioned in (a) above and the Board confirms this in writing to D&B;

AND

- (2) the relevant applicant also complies with any other relevant deadlines throughout D&B's appeal process as may be stipulated by D&B, or the circumstances of a case are such that, in the opinion of the Board, the non-compliance with such deadlines is reasonable and the Board confirms this in writing to D&B.

E7.5 When can D&B change an Appealable Score?

D&B can only change an Appealable Score where all other provisions of Rules E7.1 to E7.4 have been satisfied and one (or more) of the following applies:

- (1) D&B did not have access to or did not process data which would otherwise have been used for calculation pursuant to Rule E2.1 and one of the following applies:
 - (a) That data had been Filed at least one calendar month before the Score Measurement Date; or
 - (b) In the case of matters to be dealt with under these Rules in accordance with D&B's ordinary course of business, it is data which would normally have been available to, and would normally have been taken into account by, D&B and that lack of access was not related to any action or inaction of any of the following:
 - (A) the trustee(s) of the relevant Scheme;
 - (B) any Employer in relation to that Scheme;
 - (C) any Guarantor in relation to that Scheme; or
 - (D) any Ultimate Parent or Group Subsidiary relating to any Employer in relation to the Scheme.
- (2) An Appealable Score has been calculated otherwise than in accordance with Rules E2 to E5 and the Insolvency Risk Appendix;
- (3) In the process of applying these Rules, an arithmetical error has been made by D&B;
- (4) An Appealable Score has been calculated by reference to an entity which is not the Employer on the basis of the information which has been Submitted in accordance with Rule A2.2 as at the Measurement Time, or D&B has erroneously failed to identify any entity as the Employer on the basis of that information. For the avoidance of doubt, any question as to the correctness of the information Submitted as at the Measurement Time concerning the identity of the Employer is to be addressed pursuant to Rule B2, and not by way of an appeal pursuant to this Rule E7;
- (5) D&B considers that assignment to a different industry group under Rule E5.4(3) would be appropriate; or
- (6) In a case where Rule E5.5(1)(a) has applied, D&B considers that it is possible to assign the Employer to an industry group under Rule E5.4(3).

E7.6 What happens if there is a new Appealable Score?

If D&B decides to change an Appealable Score:

- (1) the relevant Appealable Score shall be the higher or lower number which D&B informs the Board ought to have been assigned to the Employer in respect of a Scheme; and

- (2) the Board will, where the application of the new Appealable Score results in a change to IR (in respect of the Scheme) from that which was initially calculated, issue a revised notification of the amount of the Levies in respect of the Scheme.

E7.7 Deemed correctness

Any item supplied to the Board by D&B as an Appealable Score will be deemed to be correct for the purposes of these Rules unless D&B's appeal process has been followed in respect of that Appealable Score pursuant to this Rule E7, if the basis upon which the Appealable Score is said to have been incorrect is a matter capable of having been dealt with through that appeal process.

E7.8 Statutory Review Rights

For the avoidance of doubt and without prejudice to Rule E7.7, the Board may review an Appealable Score pursuant to section 207 of the Act on the grounds that the decision reached by D&B following an appeal pursuant to this Rule E7 was incorrect.

E7.9 Determination by Board

- (1) D&B and the Board may agree that an appeal to D&B is to be determined by the Board.
- (2) In any situation where D&B is unable to conduct an appeal or to operate an appeals process, for any reason:
 - (a) the appeal is to be conducted and determined by the Board; and
 - (b) any required calculation or recalculation of an Appealable Score would be carried out in line with Rule B1.

Part F – Special rules for scheme transfers

F1. When do these special rules apply?

F1.1 Which transfers are covered by this Part?

- (1) Rules F1 to F3 apply where there has been a Full Transfer.
- (2) The Board shall not be obliged to take into account any transfers of assets or liabilities between Schemes which are not Full Transfers or Previously Recognised Transfers.

F1.2 Carry forward of certificates

For Schemes where transfer information was Submitted and accepted for use in the 2021/22 Levies, and where no new Section 179 Valuation for that Scheme is Submitted in accordance with Rule D2.1 and no further certificate for that Scheme is Submitted before 5.00pm on 30 June 2022, the information used for 2021/22 will be carried forward and used in 2022/23.

F1.3 What is a Full Transfer?

A “Full Transfer” is where:

- (a) on any date or dates prior to 1 April 2022, the Transferring Scheme has transferred (in groups of two or more Members) Members to one or more other Schemes (each, the “Receiving Scheme”, which for the purposes of this Rule F1 shall include an Alternative Covenant Scheme); and
- (b) there remain fewer than two Members in the Transferring Scheme (which for the purposes of this Rule F1 shall include an Alternative Covenant Scheme) on 1 April 2022.

F1.4 What is the effect of the definition of a Full Transfer being met?

- (1) Where there has been a Full Transfer, Rules F2 and F3 of the Rules apply to the Transferring Scheme and the Receiving Scheme(s) except where Rule F1.4(2) applies.
- (2) This Rule F1.4(2) applies where:
 - (i) The requirements of Rule F4 are met; or
 - (ii) The Receiving Scheme is an Alternative Covenant Scheme.
- (3) Where the Receiving Scheme is an Alternative Covenant Scheme, Rule C7 shall apply.

F2. The Board’s expectation for additional information and the rules in relation to Full Transfers

F2.1 The Board’s expectations of Scheme trustees

- (1) If there is no Section 179 Valuation for the Receiving Scheme(s) which reflects the Full Transfer and has been Submitted at the Measurement Time, the trustees of the Transferring Scheme and the Receiving Scheme(s) shall be expected to agree and Submit the information in Rules F2.2 and F2.3 by 5.00pm on 30 June 2022 unless that information has already been Submitted.

- (2) Where a scheme becomes a Segregated Scheme after the Measurement Time and before 1 April 2023, the Board shall treat that scheme as though it were a New Scheme. Unless Rule F4 applies, the trustees of the Segregated Scheme shall be expected to agree and Submit the information in Rules F2.2 and F2.3 in accordance with the timeframe specified in Rule A2.4(1) in respect of New Schemes.

F2.2 Basic Transfer Information

The Basic Transfer Information is specified in Part A of the Transfers Appendix attached to these Rules and is expected to be agreed and Submitted by or on behalf of the Schemes' trustees by 5.00pm on 30 June 2022.

F2.3 Actuarial Transfer Information

The Actuarial Transfer Information is specified in Part A of the Transfers Appendix and calculated in accordance with the provisions set out in Part B of the Transfers Appendix attached to these Rules. The Actuarial Transfer Information is expected to be agreed and Submitted by or on behalf of the Schemes' trustees by 5.00pm on 30 June 2022.

F2.4 The Board's objective

- (1) This Rule F2.4 applies where all of the information in Rules F2.2 and F2.3 is Submitted by 5.00pm on 30 June 2022.
- (2) Where this Rule F2.4 applies, the Board will make what is in its view an appropriate determination of the Assets, Liabilities, Unstressed Assets and Unstressed Liabilities of the Receiving Scheme(s) as at 31 March 2022.
- (3) The determination referred to in Rule F2.4(2) will be made taking the Full Transfer into account in a manner which, in the opinion of the Board, best gives effect to the general approach set out in the Transformation Appendix. In any case where a transfer of assets and liabilities occurs between 1 April 2021 and 31 March 2022 (inclusive), the Board shall make its determination based upon the Supplied Assets and Supplied Liabilities of the Transferring Scheme and the Receiving Scheme(s) post-transfer and shall adjust the Supplied Assets and Supplied Liabilities of the Transferring Scheme and the Receiving Scheme(s) in a manner which, in the opinion of the Board, best gives effect to the approach set out in the Transformation Appendix.
- (4) Any determination made under Rule F2.4(2) shall be used in substitution for the valuation that the Board would otherwise use in accordance with Rule D2.
- (5) For the avoidance of doubt, the provisions of this Part F apply to a Receiving Scheme that is a New Scheme or a scheme to which Rule D2.2 (Schemes which are not yet obliged to complete a Section 179 Valuation) applies.

F2.5 Absence of information

- (1) Where any of the information in Rule F2.2 and/or F2.3 has not been Submitted by 5.00pm on 30 June 2022, and where Rule F4 does not apply, this Rule F2.5 applies.
- (2) Where this Rule F2.5 applies, the Board shall make a determination of the Levies of the Receiving Scheme(s) in accordance with the "Poor Data Methodology" provided that if the Board is satisfied that all efforts that were reasonable in the circumstances were made to Submit (or procure the Submission of) the information in Rules F2.2 and F2.3 by 5.00pm

on 30 June 2022 or that the application of the Poor Data Methodology would result in a levy that was inappropriately low when compared with the general approach laid down by these Rules, the Board shall not be obliged to determine the Levies of that Receiving Scheme in accordance with the Poor Data Methodology and may instead:

- (a) determine the Levies of that Receiving Scheme in accordance with the Poor Data Methodology but without applying the provisions of paragraphs 12 and 13 of the Transfers Appendix;
- (b) determine the Levies of that Receiving Scheme in accordance with the Supplied Assets and Supplied Liabilities contained in any Post-Transfer Valuation which reflects the Full Transfer(s) and which has been Submitted by the Receiving Scheme by 5.00pm on 30 June 2022 or in accordance with any other valuation data that in the view of the Board appropriately reflects the position of the Receiving Scheme whenever provided to the Board; or
- (c) determine the Levies of that Receiving Scheme by using a combination of the approaches set out in (a) and (b) above and the Poor Data Methodology,

in each case in such manner as in the view of the Board is appropriate when compared with the general approach laid down by these Rules.

- (3) The “Poor Data Methodology” is the methodology set out in Part C of the Transfers Appendix to these Rules.
- (4) Any determination made under Rule F2.5(2) shall be used in substitution for the valuation that the Board would otherwise use in accordance with Rule D2.

F3. The effect of a Full Transfer

Where the Board makes a determination under Rule F2.4 or F2.5, in respect of each Transferring Scheme and Receiving Scheme to which it applies, the Board shall calculate the SBL and RBL and shall invoice, or re-invoice, as the case may be, based on that determination.

F4. Exempt Transfers

F4.1 This Rule F4 applies in the following circumstances:

(a) Self-segregation transfers

- (i) a scheme becomes a Segregated Scheme such that the Board is required to treat the sections of the Segregated Scheme as separate Schemes;
- (ii) a section of the newly-created Segregated Scheme (the “Parent Section”) entirely comprises the assets and liabilities that constituted the entirety of the scheme immediately before the segregation, with the exception of any increase in liabilities that the Board considers to be immaterial in the context of the overall transfer;
- (iii) the effective date of the Section 179 Valuation to be prepared for the Parent Section following the transfer will be consistent with the Parent Scheme’s existing statutory valuation requirements; and
- (iv) the information requirements set out in paragraph 19 of the Transfers Appendix are met.

- (b) 1-to-1 transfers
 - (i) a scheme transfers the entirety of its assets and liabilities to a section of a Segregated Scheme, or an existing section of a Segregated Scheme transfers the entirety of its assets and liabilities to a scheme, so that the assets and liabilities transferred constitute the only assets and liabilities of that Receiving Scheme, subject only to the creation of nominal accrual in the Receiving Scheme for the purposes of enabling the transfer to occur or any other increase in liabilities that the Board considers to be immaterial in the overall context of the transfer;
 - (ii) the Board is satisfied that the effective date of the Section 179 Valuation in respect of the Receiving Scheme following the transfer described in that rule will be within 12 months of the date of the transfer and will be submitted to TPR within 15 months of the effective date of that valuation; and
 - (iii) the information requirements set out in paragraph 20 of the Transfers Appendix are met.

F4.2 This Rule F4 shall not apply where:

- (1) a Transferring Scheme or Parent Scheme or its advisers takes action on Exchange which results in TPR classifying the Scheme as “non-registrable”; and
- (2) the consequent inability of the Transferring Scheme or Parent Scheme to update its Section 179 Valuation details on Exchange results in failure to Submit a new Section 179 Valuation which would ordinarily have fallen due for Submission by the Measurement Time.

F4.3 This Rule F4 shall not apply to a transfer to an Alternative Covenant Scheme.

F4.4 When this Rule F4 applies

- (a) the requirements of Rule F2 shall not apply; and
- (b) the Board shall calculate the levies of the Scheme(s) in question in accordance with any valuation data (whenever provided to the Board) that in the view of the Board appropriately reflects the position, in such manner as in the view of the Board is prudent and appropriate when compared with the general approach laid down by these Rules.

Part G - Reducing the RBL by reducing risk

G1. Deficit-Reduction Contributions

G1.1 When does this Rule apply?

This Rule G1 applies where:

- (a) a certificate in respect of a Deficit-Reduction Contribution that complies with Rule G1.2 has been Submitted by the Measurement Time; or
- (b) there has been provided or Submitted a certificate in respect of a Deficit-Reduction Contribution which complied with the requirements and deadlines set out in or under a Previous Determination; and
- (c) it appears to the Board (to the extent that it is to be recognised for the purpose of the calculation of the RBL) that the certified contribution has the effect of reducing the difference between a Scheme's assets and Protected Liabilities where Protected Liabilities exceed the assets, or increasing that difference where the assets exceed the Protected Liabilities.

G1.2 What must the certificate of Deficit-Reduction Contributions contain?

The certificate must contain the information specified in the Deficit-Reduction Contributions Appendix, which must be calculated in accordance with the rules set out in that Appendix.

G1.3 Which certificates can be taken into account?

A certificate shall not be taken into account:

- (1) unless it refers to, and the information contained within it has been calculated by reference to, the same Section 179 Valuation or MFR Valuation of the Scheme as is used under Rule D2 or, in a case to which Part F of these Rules applies, the relevant Post-Transfer Valuation.
- (2) if it includes in amount "a" (as described in the Deficit-Reduction Contributions Appendix to the Board's determination under s175 of the Act for the relevant Levy Year, and specifically under Option Alpha for the 2018/19 levy year onwards) either or both of the following:
 - (a) the amount paid to the Scheme trustee for the purposes of purchasing its interest in the Trustee LP;
 - (b) any Coupon Payments.

For the avoidance of doubt, this Rule G1.3(2) will apply to Deficit-Reduction Contribution certificates Submitted in respect of previous Levy Years which would otherwise be taken into account by the Board, as well as those Submitted for the 2022/23 Levy Year.

G1.4 Effect of Deficit-Reduction Contributions on the Levies

Where this Rule G1 applies, for the purposes of these Rules the Assets and the Unstressed Assets of the Scheme shall be increased by the Deficit-Reduction Contributions figure which is stated in the most recently provided or Submitted compliant certificate.

G2. Current Contingent Assets

G2.1 When does this Rule G2 apply?

This Rule G2 applies where the Board is satisfied that there has been Submitted by or on behalf of the Scheme trustees, before the relevant Measurement Time:

- (1) a Contingent Asset Certificate; and
- (2) satisfactory supporting documents, as required by the Contingent Asset Appendix.

G2.2 What is a Contingent Asset?

A "Contingent Asset" must be one of either:

- (1) a Type A Contingent Asset, which is a guarantee from a parent company or any relevant associated undertaking in Acceptable Form and which complies with paragraphs 6 and 7 of the Contingent Asset Appendix;
- (2) a Type B Contingent Asset, which is a security in Acceptable Form and which complies with paragraphs 8 to 11 inclusive of the Contingent Asset Appendix;
- (3) a Type C Contingent Asset, which is a letter of credit or demand guarantee in favour of the Scheme trustees in Acceptable Form and which complies with paragraphs 12 to 16 inclusive of the Contingent Asset Appendix,

and in all cases, it must comply with Rule G2.3.

G2.3 Further provisions about Contingent Assets

- (1) The Contingent Asset must comprise or result from an arrangement which becomes or became effective no later than 1 April 2022 except in the case of a New Scheme where it may take effect on the date on which the New Scheme becomes a Scheme if that is later.
- (2) It must appear to the Board that:
 - (a) the Contingent Asset reduces the risk of compensation being payable from the Board in the event of an insolvency event occurring in respect of an Employer in relation to the Scheme; and
 - (b) the reduction, if any, in a Scheme's levy that may result from the recognition of a Contingent Asset for levy purposes is reasonably consistent when compared with the level of that reduction in risk.
- (3) Where Rule G2.3(2)(b) is not satisfied but the Board's requirements for a Contingent Asset are otherwise met, and it appears to the Board that Rule G2.3(2) would be satisfied if the Contingent Asset were to be recognised in part, the Board may recognise the Contingent Asset to the extent that the Board deems consistent with the reduction in risk. The Board is under no obligation to take into account any Contingent Asset under this Rule G2.3(3).
- (4) Where, all of (a), (b) and (c) below apply, Rule G2.3(2) is deemed to be satisfied.

- (a) the confirmation required by paragraph 26(2) of the Contingent Asset Appendix is on the basis of a Guarantor Strength Report that, in the opinion of the Board, meets the requirements for such a report as set out in guidance as to contingent assets issued by the Board;
 - (b) the Board has concluded, in respect of the calculation of RBL for a Scheme, that that calculation is not being carried out under paragraph 21A(c) of the Contingent Asset Appendix; and
 - (c) the Guarantor is not a Service Company.
- (5) Where the levy reduction that would result from the recognition of a Contingent Asset, if accepted, would be £100,000 or more, and the confirmation required by paragraph 26(2) of the Contingent Asset Appendix is not on the basis set out in Rule G2.3(4) above, the Board may permit the trustees to provide further information for the purpose of the Board's consideration under Rule G2.3(2) and G2.3(3) above, but the Board shall be under no obligation to do so. In considering whether to permit further information to be provided, the Board will have regard (alongside any other relevant factors) to any failure to obtain a Guarantor Strength Report prior to the Measurement Time.

G2.4 The Contingent Asset Certificate

In order to be a Contingent Asset Certificate, a certificate must:

- (1) contain the information set out in paragraphs 25 to 43 inclusive of the Contingent Asset Appendix which is relevant to the type of Contingent Asset;
- (2) certify that the Scheme benefits from a Contingent Asset as specified in Rule G2.2; and
- (3) provide all the information and certifications required by Exchange in relation to the relevant Contingent Asset;

provided that if the certificate required on Exchange requests less or different information or certifications than those set out in the Contingent Asset Appendix, then the correct and full completion and Submission of the relevant certificate in Exchange shall be treated as sufficient compliance with sub-Rules (1) and (2) above and this sub-Rule (3). The Board reserves the right to request the further or different information required in accordance with the Contingent Asset Appendix and to reject the certificate if such information is not supplied.

G2.5 Are Contingent Assets from previous years accepted?

- (1) Where a Contingent Asset was recognised by the Board for the purposes of calculating a Scheme's RBL for a Levy Year ending on or before 31 March 2022 this Rule G2.5 and, as the case may be, Rule G2.6, shall apply.
- (2) The Board shall give that Scheme credit for that Contingent Asset for the 2022/23 Levy Year where:
 - (a) the relevant requirements of Rules G2 and G3 are satisfied;
 - (b) the Contingent Asset is re-certified by a Contingent Asset Certificate being Submitted by or on behalf of the trustees on or before the Measurement Time; and

- (c) the requirements of the Contingent Asset Appendix which are relevant to Contingent Assets which have been recognised in a previous Levy Year are satisfied.

G2.6 Where a Scheme's Contingent Asset has been recognised by the Board for the purposes of calculating a Scheme's RBL for a Levy Year ending on or before 31 March 2021 but was **not** so recognised for the 2021/22 Levy Year, then the Scheme may Submit the Contingent Asset as a recertified Contingent Asset with any documentation required by the Contingent Asset Appendix, provided that:

- (a) the requirements of Rule G2.5(2) are met;
- (b) the Board receives confirmation in the Contingent Asset Certificate that either the trustees do not believe that the legal position has changed since the Levy Year in respect of which the Contingent Asset was last certified or, if they have reason to believe the legal position may have changed, have Submitted a revised legal opinion;
- (c) the contingent asset agreement has remained in place between the relevant parties since the Levy Year in respect of which the Contingent Asset was last certified; and
- (d) the Contingent Asset was last certified in respect of a Levy Year no earlier than the 2017/18 Levy Year.

G2.7 Where the conditions in Rule G2.6(a), (b) and (c) are not met, nothing in this Rule G2 is to be taken as preventing the Scheme from Submitting the Contingent Asset for the consideration of the Board as a new Contingent Asset submission, with a new Contingent Asset Certificate and any other required documentation as if that Contingent Asset were being recognised for the first time for the 2022/23 Levy Year.

G2.8 What is the effect of the Board recognising a Contingent Asset for the 2022/23 Levy Year?

The Board shall take into account a Contingent Asset for the purposes of calculating the Scheme's Levies for the 2022/23 Levy Year and calculate the Scheme's RBL in accordance with the Contingent Asset Appendix and the Transformation Appendix but only if it appears to the Board that the asset meets all the relevant provisions of this Rule G2 and the Contingent Asset Appendix.

G3. Cancellation, amendment and replacement of Contingent Assets

G3.1 No recognition of any Contingent Asset unless previous year's Contingent Assets still in place and not weakened

- (1) This Rule G3.1 shall apply if, in respect of a Scheme, the Board gave credit for one or more Contingent Assets (each referred to below as the "Original Contingent Asset") for the purposes of calculating the RBL for the 2021/22 Levy Year.
- (2) Where this Rule G3.1 applies then, notwithstanding any other provision of the Rules, the Board shall not take into account any Contingent Asset for the purposes of that Scheme's Levies for the 2022/23 Levy Year unless:
 - (a) that Scheme certifies to the Board that each Original Contingent Asset satisfies the requirements for recognition for the 2022/23 Levy Year; and

- (b) the condition specified in Rule G3.1(3) below is satisfied in relation to each Original Contingent Asset.
- (3) The condition referred to in Rule G3.1(2) is that no amendments have been made to the terms of the Original Contingent Asset since it was last certified to the Board or, if any such amendments have been made, the Board is satisfied that they do not reduce the value of that Original Contingent Asset.
- (4) This Rule G3.1 is subject to Rule G3.3.

G3.2 Withdrawal of recognition where Contingent Asset cancelled or amended during 2022/23 Levy Year

- (1) This Rule G3.2 shall apply if the trustees of a Scheme notify the Board, or if the Board otherwise becomes aware, that at some time during the 2022/23 Levy Year the information contained in a Contingent Asset Certificate has ceased or will cease to be true and correct.
- (2) Where this Rule G3.2 applies, if:
 - (a) the instrument representing the Contingent Asset has been or is to be terminated;
 - (b) its terms have been or are to be varied in such a way as will in the opinion of the Board reduce the value of the asset; or
 - (c) any other step has been or is to be taken which has had or will have substantially the same effect,

the Board will calculate the RBL in respect of the Scheme as if that Contingent Asset had not existed at the Measurement Time (that is to say, the Contingent Asset shall be wholly disregarded for the purposes of calculating the RBL for the 2022/23 Levy Year).

- (3) This Rule G3.2 is subject to Rule G3.3.

G3.3 Is there material detriment to the Scheme?

- (1) If, in relation to a Scheme, the Board would be required to recognise one or more Contingent Assets for the purposes of the 2022/23 Levy Year, and is prevented from doing so only by the operation of Rule G3.1 or, as the case may be, Rule G3.2, then the Board may nonetheless recognise any or all of those Contingent Assets for the purposes of the 2022/23 Levy Year, in full or in part, if Rule G3.3(2) applies.
- (2) This Rule G3.3(2) applies if in the opinion of the Board the condition specified in Rule G3.3(3) is met either:
 - (a) in the case of Rule G3.1, comparing the position at 1 April 2022 with the position at 1 April 2021; or
 - (b) in the case of Rule G3.2, comparing the position following each relevant change to any Contingent Asset with the position at 1 April 2022.
- (3) The condition referred to in Rules G3.3(1) and (2) above is that any action or inaction of the trustees in relation to the Contingent Asset was reasonable and did not have a materially detrimental effect on the position of the Scheme in all the circumstances. For this Rule G3.3(3), "action or inaction" includes without limitation in consenting to amendment or termination of the instrument constituting a Contingent Asset or in failing to enforce rights

available to them pursuant to any such instrument. For this Rule G3.3(3), the “position of the Scheme in all the circumstances” includes without limitation:

- (a) any changes in the funding level of the Scheme (ignoring Contingent Assets) over the period in question;
- (b) the absolute funding level of the Scheme;
- (c) the implementation of new Contingent Assets in substitution for or in addition to those that were already in place; and
- (d) the effect of the trustees’ action or inaction when considered together with the effect of any earlier changes in relation to relevant Contingent Assets.

G3.4 Position where a Scheme has removed or reduced contingent asset cover

(1) This Rule applies where:

- (a) one or more Contingent Assets (the “Previous Contingent Assets”) was recognised by the Board for the purposes of calculating a Scheme’s RBL for a Levy Year ending on or before 31 March 2022 (the “Earlier Levy Year”); and
- (b) one of those Previous Contingent Assets was not recognised (whether in full or in part and whether or not a certificate in respect of that Previous Contingent Asset had been Submitted) for the purposes of the Scheme’s RBL for a Levy Year or years subsequent to the Earlier Levy Year (including, for the avoidance of doubt, the 2021/22 Levy Year by virtue of Rules G3.1 or G3.2 or otherwise).

(2) Where Rule G3.4(1) applies, it is the Board’s intention that the Scheme should not receive any recognition for any Contingent Assets in any Levy Year subsequent to the Earlier Levy Year unless and until in the opinion of the Board the position of the Scheme (including any continuing Contingent Assets for which recognition is sought) is no worse than it was prior to the point at which all of the Previous Contingent Assets remained recognised by the Board for the purposes of the calculation of the RBL.

(5) Recognition of Contingent Assets for the 2022/23 Levy Year shall be restricted accordingly.

G3.5 General provisions regarding this Rule G3

For the purposes of this Rule G3:

- (1) A change in the value of real estate or securities comprising a Type B asset, after the date of the valuation given in the Contingent Asset Certificate, is not a matter which falls to be notified to the Board, and will not lead to any recalculation of the RBL.
- (2) A reduction in the face value of a Type C(ii) Contingent Asset in accordance with its terms upon the making of a Planned Contribution (as defined in the Type C(ii) Contingent Asset Standard Form referred to in the Contingent Asset Appendix) shall not be regarded as a variation in the terms of that Type C(ii) Contingent Asset, is not a matter which falls to be notified to the Board during the Levy Year, and will not lead to any recalculation of the RBL.
- (3) Under no circumstances will the RBL be reduced as a result of steps taken to increase the value of a Contingent Asset after the start of the 2022/23 Levy Year.

- (4) The replacement of a Type C(i) Contingent Asset which has expired, by another Type C(i) Contingent Asset of the same or greater value, whether issued by the same or a different counterparty, shall be deemed to be the continuation of the expired asset for the purposes of applying Rules G3.1 and G3.2.
- (5) The “value” of a Contingent Asset shall, in the case of a Type A Contingent Asset, take into account the covenant strength of (and the Realisable Recovery, as defined in the Contingent Asset Appendix. that could be certified in relation to) the guarantor(s) as well as the amount guaranteed.

Part H – Recognition of ABC Arrangements

H1. When will the Board recognise an ABC Arrangement?

- H1.1 Save where the ABC Arrangement is a Recent Scheme Funded ABC, the Board will recognise an ABC Arrangement where:
- (1) there has been Submitted by or on behalf of the Scheme trustees, as at the Measurement Time an ABC Certificate in respect of the ABC Arrangement;
 - (2) the Board is satisfied that the ABC Value as set out in the ABC Certificate represents a reasonable valuation and that both that valuation and any advice used for the purposes of it have been arrived at in a manner substantially consistent with guidance issued by the Board; and
 - (3) the Scheme trustees have provided to the Board any additional documents or information relating to the ABC Arrangement which the Board has requested prior to the calculation of the Levies, and such documents or information have been provided within 14 days of the receipt of the Board's request or such longer period as the Board may specify.
- H1.2 The Board may also recognise an ABC Arrangement where paragraphs (1) and (3) of Rule H1.1 are satisfied, but paragraph (2) is not satisfied, but it is under no obligation to do so.

H2. What is the effect of recognition of an ABC Arrangement?

- H2.1 Where the Board recognises an ABC Arrangement, the ABC Value will be taken into account in the calculation of U, pursuant to Rule D1.1(c).
- H2.2 Subject to Rule H2.3, the ABC Value taken into account will be the ABC Value as set out in the ABC Certificate.
- H2.3 Where Rule H1.2 applies, the ABC Value will be such amount, if any, as the Board is satisfied could have been put forward as the ABC Value in the ABC Certificate and would have met the requirements of Rule H1.1(2).

H3. When will the Board take into account ABC Payments and Actual s179 ABC Amounts?

- H3.1 Save where the ABC Arrangement is a Recent Scheme Funded ABC, the Board will take into account ABC Payments which have been made and certified on a Partial ABC Certificate or an ABC Certificate Submitted as at the Measurement Time in the calculation of U, pursuant to Rule D1.1(d), provided that Rule H1.1(3) and any guidance issued by the Board has been complied with.
- H3.2 Save where paragraph (c) of the definition of s179 ABC Amount applies, the Board will use the Actual s179 ABC Amount to calculate the s179 ABC Amount for the purposes of the Transformation Appendix where it has been certified on a Partial ABC Certificate or an

ABC Certificate Submitted as at the Measurement Time, provided that Rule H1.1(3) and any guidance issued by the Board has been complied with.

H4. What if there is more than one ABC Arrangement?

Where there is more than one ABC Arrangement relating to a Scheme, the requirements for certification will apply separately to each such arrangement. For calculation purposes, the Board will sum the ABC Values, s179 ABC Amounts and ABC Payments for the purposes of these Rules, the Transformation Appendix and the ABC Appendix.
